4. Experiential Learning Module

The college of Agriculture provides facility of conducting experiential learning modules on 'Nursery Management', 'Mass Production of Bio-agents and Bio-pesticides', 'Soil and Water Clinic', 'Milk & Milk Products', 'Production of Bio-fertilizer', 'Seed Production' and 'Plant Tissue Culture Technique' which will be helpful to the students to develop their entrepreneurial skill so that they can become job provider rather than job seeker.

Under the experiential learning programme students of VIII semester undergone through Hands on Training for the preparation of Nursery Sapling of various fruits and ornamentals plants. They produced various bio-agents and bio-pesticides and sold to the farmers. Value added milk products were prepared by them and sold to staff members. They also tested soil and water samples of farmers and given soil health card. Students prepared various bio-fertilizers and sold to grape, pomegranate and vegetables growers of Nashik. They undertaken wheat seed production programme of MAHABEEJ and prepared tissue cultured saplings of Banana. Through all these activities they generated receipt and also gains entrepreneurial skills.

Performing practical on Estimation of Available Phosphorus

Identification of Pest on Wheat

Pathology Module Students filling liquid Bio-fertilizer Cans

Nursery module student sowing the seeds of ornamental plants

Mass Production of Bio-pesticides by using fermentor.

Mealy Bug Rearing for Cryptolamous production

Preparation of MS media

Students preparing Gulabjamun

Students performing practical on Seed Germination Test

5. NSS (National Service Scheme)

K. K. Wagh College of Agriculture, Agricultural Engg., Agril. Biotechnology and Food Technology organized Special Winter Camp at Makhamalabad farm from 16th March, 2015 to 21st March, 2015. In all 125 students participated in the camp.

Prof. P. T. Kadve addressing NSS students

In this camp student organized different programmes in the Ashewadi village. viz. tracking of Ramshej Fort, awareness of superstition eradication movement, awareness about water conservation techniques, literacy programme etc. Also students collected the information of family and land holding of peoples.
